

Call for Applications

Professorship at Division of Light Application for Advanced Technology

1. **Call for application:** One professor or one associate professor position
2. **Division:** Beam Physics
3. **Research field:** Research and development of novel accelerator light sources consistent with the hardware and systems of the NewSUBARU synchrotron light source and the research using them. And cooperation for operating and managing in dedicated with other staffs in the fields of synchrotron radiation application.
4. **Lecture:** Subjects of Department of Mechanical Engineering and Metallurgy, School of Engineering, and of Department of Materials and Synchrotron Radiation Engineering, Graduate school of engineering
5. **Qualifications:**
 - 1) Ph.D. or equivalent degree
 - 2) Have an enthusiasm and experience of supervising graduate course students
 - 3) Japanese ability to communicate with student.
6. **Starting date:** 2019/4/1
7. **Rank:** Full-time (Tenured).
8. **Application materials:**
 - 1) Curriculum vitae (in any form) with the applicant's photo pasted.
 - 2) Specific technical skills in the research field of this call of applications (ca. 1,000 words)
 - 3) Summary of the previous research (ca. 1,000 words)
 - 4) Publication list categorized by refereed journal papers, review papers, books, patents, and others with the applicant's name underlined
 - 5) Reprints of no more than five major papers (Mark these papers by * in the publication list)
 - 6) Title and summary of the proposed research (ca. 2,000 words)
 - 7) Summary of the educational experience (ca. 1,000 words)
 - 8) Summary of the contribution to the society (ca. 1,000 words)
 - 9) Contact information of two persons to whom we can refer about you (Name, affiliation, address, phone, e-mail)
 - 10) Contact information of the applicant (Name, affiliation, address, phone, e-mail)
9. **Deadline for applications:** 2018/10/31 no later than 17:00 JST.
10. **Screening method:** the document screening and interview.
11. **Document submission:** Enclose the above documents in an envelope, write "Application for professorship of Beam Physics" in the red on the envelope and send it to below address by registered mail. And please note that the documents will not be returned after the selection.
